President's Message – Another tournament year wrapped up in good old NW fashion. Congratulations to the 2010 TBF of Oregon State Team members who will be traveling next spring to Yellowtail Reservoir in Hardin, MT for the Northwest Divisional event. Thank you all for coming out and supporting our organization this year. We had a good turnout, and look forward to seeing you next year. Be sure to fish next year to qualify for the 2011 team, which will be defending our home waters in OREGON. Watch out for some discount programs being offered for multi-year membership along with savings on fishing supplies, travel, accommodations, and dining discounts. Stay tuned for more adult and youth fishing opportunities coming your way! We are working hard for you and thank you for your support!

Stop the spread of invasive species into Oregon Waterways. Do your part to make sure your boats and trailers are clean after your trips in and outside of the state. Take a couple of extra steps to clean out livewells, inspect and wash trailer bunks and flush out the motors before traveling back home. A wash with 140-degree water can kill most invaders. 5% bleach solution cleaner will also work on most areas.
